Kiwani's Incredible Duck Splash

The Kiwanis Incredible Duck Splash (acronym "KIDS") is produced by the Kiwanis Club of Glendale. The event is most often called a "Duck Race" by the more than 200 event producers around the world. From 5,000 to 100,000 or more yellow rubber ducks "race" to a finish line to earn great prizes for their "adoptive" owners, matched by a unique number on a tag on the bottom of each duck.

The beneficiaries of the charitable fundraising event are primarily children and youth in Glendale and neighboring cities throughout Los Angeles County. The participating non-profit organizations are listed on the Duck Buddies page of their website. www.ducks4kids.org
